

Overview

This guide is intended for Cardholders who are seeking assistance in disputing a Point-of-Sale ("POS") transaction. This guide describes the procedures for how to dispute POS transactions and includes the dispute form. If you have questions about the process or this guide, please contact your Administrator.

Cardholders: Understanding the dispute process for POS transactions

You, the Cardholder, can dispute POS transactions made using your benefit card by completing the Cardholder Dispute Form. Please email the form and additional information, if necessary, and any other required documentation to your Administrator.

Please read this entire section prior to completing the dispute form.

Time limit to submit disputes

DEADLINE: Disputes must be submitted within 55 calendar days of the transaction date. Your dispute will be evaluated and, if applicable, a provisional credit may be provided. Disputes submitted after the deadline cannot be processed, and you will forfeit your dispute and reimbursement rights.

In the event of incomplete or illegible disputes, you will be contacted for additional information. A complete and legible dispute form must be received before the deadline. The submission date of incomplete and illegible forms will not be recognized. If a complete dispute is not received before the deadline, you will forfeit your dispute and reimbursement rights.

Guidelines for completing the Dispute Form

The cardholder dispute form is intended for a single POS transaction that generated a charge to the benefit debit card. This excludes any transaction or reimbursement claim that you submitted manually. If there was no charge generated to your benefit card, please do not submit this form.

To complete the dispute form, follow these general guidelines:

- Enter the merchant name, transaction date and amount as they appear on your benefit plan participant portal or on a document that you may have requested from your Administrator.
- Check only one reason per form.
- If additional, supporting documentation is appropriate, please include. If the transaction occurred on a dependent's card, the dependent, if over age 18, must sign and date the form. However, as the primary cardholder, please list your name and contact information on the form

If you have questions about the process or guidelines, please contact your Administrator.
